

A close-up photograph of a curved, light-colored concrete furniture piece, possibly a chair or table leg, showing its smooth texture and rounded edge. The piece is positioned on the left side of the frame, curving towards the center.

CRANK.

Concrete Furniture: Indoor & Outdoor Use

CRANK concrete is a modern furniture Collection dedicated to redefining how concrete lives inside contemporary spaces.

We transform raw material into refined design combining architectural precision, minimalist aesthetics, and handcrafted excellence.

Each piece is designed not only to function, but to become a statement solid, sculptural, and timeless.

Made by skilled craftsmen, CRANK concrete delivers durable, elegant concrete furniture for modern homes, villas, cafés, and commercial spaces for indoor and outdoor Use.

A close-up photograph of a grey woven fabric, likely made of synthetic fibers. The threads are thick and braided, creating a complex, interlocking pattern. The lighting highlights the texture and the slight sheen of the material.

WEAVING

A close-up photograph of a grey concrete surface. The texture is rough and granular, with numerous small, dark specks and pits scattered across the surface. The lighting is even, emphasizing the natural imperfections of the material.
