EN Inspired by nature, the aura collection is versatile and is adapted to any space while remaining a comfortable piece with an incredibly careful aesthetic. With the essential pieces and a timeless design, aura is a collection resistant to inclement weather but without set aside from the beauty of the furniture. Combining multiple textures, materials and colours, a design which makes the difference and rich in details is obtained. It allows you to combine the materials in order to adapt perfectly to your space. In addition, the collection has seats and tables to create an integral space that radiates that characteristic luminosity of the aura collection.

EN The delicacy of wood accompanied by large cushions to achieve total comfort. Niza is an outdoor collection designed to provide warmth to the space in which it's located. Turn any outdoor space into a home.

The most important characteristic of niza collection is the constant play it makes between the different sections. In addition, the cushions don't leave out the details, since the seams differentiate this piece from others. Play with one visible and one hidden seam to add richness to the design. In short, nice has come to stay.

EN The BRANCH lounge, with its lightweight yet sturdy structure, integrates seamlessly into the landscape, striking a balance between design and functionality. Its ergonomic shape adapts to the body, providing a resting experience that is not only comfortable but also visually coherent with its surroundings. This approach transforms an everyday object into an extension of architecture, creating a fluid connection between furniture and outdoor space. More than an isolated piece, the lounge becomes part of the overall design, interacting with the lines and volumes around it to enhance the sense of continuity and harmony.

EN A collection full of color, rich in details and combining materials. Bahia will bring joy to any space in which it's located, as well as personality because of the great color range in which it's offered.

It's a light design that can be accompanied by different cushions to make the collection even more relaxing. Bahia is super interesting, it's capable of combining materials and colors in a masterful way. In addition, it's comfortable due to its curvature in the pieces, which adapts them to the human body. Are you looking to give an outdoor space personality? Bahia is without a doubt your collection.

EN Minimalism in its purest form. A design where the straight line prevails, posidonia is a collection of outdoor furniture full of details such as the stamping of the metal sheet, the encounters between the different pieces of the structure, the warmth of the wood and the comfort of the big cushions.

The die-cut design gives the collection its own personality. The exercise of minimalism that has been done with posidonia is the result of eliminating all that is left over in the design and keeping the functional pieces both on a functional and aesthetic level.
